About the College

JSS Ayurveda Medical College, a unit of JSS Mahavidyapeetha established in the year 1996 with aim of producing quality professionals in Indian Systems of Medicine, Ayurveda. Over these two decades about 1000 Graduates and 70 Postgraduates have already acquired knowledge from this prestigious institution and serving the humanity in the field of Medicine in various parts of the Country and far wide across the globe.

About CME

With drastic lifestyle changes in the present scenario, people are affected with stressful disorders. Diabetes is one among them. The prevalence of Diabetes is increasing over the globe at an alarming rate. It is a chronic disease that occur either when the Pancreas does not produce enough insulin or when the body cannot effectively utilize insulin, such a deficiency results in increased concentration of Glucose in the blood which in turn damage many systems of the body. In 2015 Diabetes was a direct cause of 16 lakhs death. India leads the largest Diabetics, earnings the dubious distinction for being the Diabetes capital of the world. According to International Diabetic Federation, the total number of Diabetic will be around 409 lakhs in India. Though we as a population are genetically prone to Diabetes, rapid urbanization, poor diet and exercise, Obesity are the main causes for Diabetes. Diabetes is a major cause of morbidity and mortality.

In Ayurveda, the clinical entity of Diabetes Mellitus can be correlated to Prameha/ Madhumeha based on the causation, manifestation and control measures. To enlighten and enrich the knowledge regarding Prameha/Madhumeha in both Contemporary Science and Ayurveda, among the Student community, a State Level CME – “MEHA-2019” has been organized jointly by Dept. Of PG Studies in Swasthavritta and Dept. of Kayachikitsa. Eminent speakers Dr. Raghavendra Shettar, Professor, Dept. of Kayachikitsa, DGM Ayurveda Medical College, Gadag and Dr. Sumanth, Associate Professor, Dept. Of Community Medicine, Mysore Medical College, Mysuru have consented to deliver deliberations on Epidemiology and Management of

Diabetes. Apart from this deliberations a State Level inter Ayurveda Collegiate Quiz on Diabetes also organized for PG and UG Students.

Theme of the WHO 2019: UNIVERSAL COVERAGE OF HEALTH – With this theme we are planned to conduct State Level CME & QUIZ on Diabetes Mellitus to make awareness among the students and to develop a common universal protocol to Prevent and Manage the condition of Diabetes through Ayurveda.

Topics for QUIZ: Concept of Prameha / Madhumeha as per Ayurveda Classics. Concept of Diabetes Mellitus as per Contemporary Science including Anatomy, Physiology, Pathology, Management, Prevention and Complications of Diabetes will be covered.

Quiz will be in Two Levels

First Level: College level, each College can select a team consists of three students including PG & UG wherever PG is existing, otherwise UG and Interns can be sent. (2 UG Compulsary)

Second Level: For the 10 selected teams there will be live quiz programme.

Topic for Presentation: Concept of Prameha / Madhumeha as per Ayurveda Classics. Diabetes Mellitus as per Contemporary Science including Anatomy, Physiology, Pathology, Management, Prevention and Complications of Diabetes.

Call for Paper (UG & PG): Papers from UG & PG are invited for the presentation in the seminar. The received abstract will be screened preliminarily for the suitability with the theme and short listed paper abstract will be communicated in advance. For every paper, oral presenter will get 4+1 minutes. In parallel to this, poster presentation will also be conducted.

Format for Abstract Submission : Original, Unpublished, Structured abstract in MS Word, Time New Roman fonts, 12pts, 1^{1/2} line space, not exceeding 250 words. The Abstract should include – Title, Name(s) of the author(s), Affiliations, Communicating details, and Keywords (3-5).

Abstract should reach at

swasthavrittajssamc@gmail.com

Details for Poster Presentation:

a) Preparation of Poster: Poster should be addressing

the theme and be scientific, simple, brief, and Self-explanatory, conveying central message. A poster should be readable by more than one person at the same time. An appropriate font size is to be selected ranging from 20 to 70.

b) Poster material and content: Posters are to be printed on flex. Each poster must have Title; Author(s) and Organization details. The contents are to be categorized into IMRAD format. Figures and tables with simple legends may be added to make the poster self-explanatory. Size of poster should not be more than 4 feet (height) x2 feet (width).
